Home Sweet Home

My family lives in an apartment building on Hürriyet Street in Kartal. There are four rooms in our flat: a sitting room and three bedrooms. Let us take a look at the layout of my flat and my room.

The floor plan of our flat is simple. After you enter the house, there is a long corridor. On the right, there is a bathroom and toilet. The kitchen is beside the bathroom on the right. My parents’ bedroom is at the end of the corridor on the right. On the left near the entrance, there is a living room. My room and my sisters room is at the end of the corridor on the left.

I have a small room. There is a window opposite the door. My clothes closet is on the left next to the door. My bed is against the left wall beside the closet. My books are in a bookcase next to my bed against the left wall. Near the bookcase, there is a round table. The table is in front of the window. There is a vase on the table. There are also books on the table. On the right wall there is a picture. There is a carpet on the carpet. There is a caution sign on the door.

In conclusion, our home is comfortable. I have my room and it is very close to my school. I am very happy with my life.
